adhesives, compounds, insulation

Sealing Membrane 30mx1m

Three-layer insulating and sealing mat to be used under Rocko Tiles boards. Enables quick and flexible sealing in wet areas, especially in direct contact with water.

Rocko Tiles cleaning agent

Rocko Tiles cleaning agent 500 ml – removes dirt and limescale; does not leave grey film and greasy residue. It does not damage the surface.

Adhesive

One-component, ready to use, flexible, solvent-free assembly adhesive and sealant. Has a very good adhesion to most materials and substrates used in construction works.
Available in 290ml cartridges and foil packages 600 ml.

Rocko flooring

Rocko Flooring is a high quality SPC flooring with a strong core made of 70% natural stone which makes this type of flooring exceptionally durable, wear resistant and water resistant.
